OUR VISION:.

To be a reference company, as the best option in market. Offering jobs and business opportunities. Where investors can be able to invest and profit by having a partnership with us. And promoting the most valued products and projects. On the market to our customers, employees, community, suppliers and investors due to the quality of the products and services offered. By 2020-2030, become one of the most reliable and authentic exporters of diamond & precious metals. We will become the number one choice, of importers from the world. And those who prefer South Africa and African countries as their diamond and precious metal buying destination.

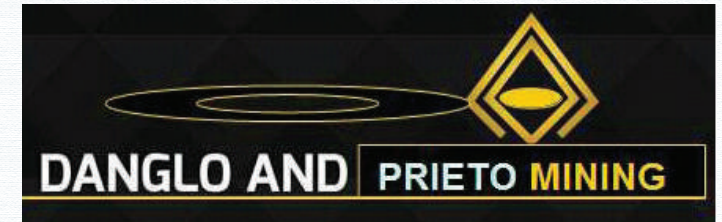

OUR MISSION:

To attend with excellency to the demands of our clients, From the development and offering of valued products. The most efficient projects that contribute to the improvement of the quality of life, generating profitability to the people and wealth in a sustainable way.

MINING SECTOR:

To deal with the most trustworthy importers, who respect the South African and African business ethics and guidelines. To follow all legal guidelines of the South African and African Diamond & Precious Metals Regulator during every stage of business from gold buying to exporting.

To work with almost sincerity in marketing of South Africa, as the number one gold buying destination n the world. To follow innovative marketing design and tools in order to attract importers attention, towards South Africa and in other countries from Africa as well. And in the process represent the integral aspects of the Kimberley Process.

Danglo And Prieto Mining:

Gold & Precious Metal Business and Mining Introduction. We will be working closely with our associates, miners/owners of the gold in the process. We will get them the best price for their gold/diamond from buyers around the world. Our associate miners/owners of diamond and precious metals, who have appointed us to represent them as their exporting agents company. The mines, investors and we have assured them that we will sell their diamond and precious metals to buyers located around the world. Helping them as small mines to find access in the market.

In this business, we sign and will eventually sign a partnership agreement with the miners/owners of gold & diamond. And then we will also operate as joint owners who will sell gold to buyers located in different countries around the world. And supplying them with mining machines and all equipment where is necessary.

OUR CUSTOMERS:

We have located gold/diamond buyers in different countries. And also we have charcoal and wood buyers around the world to supply.
